ANMOL BHANDARI

PERFORMANCE ENGINEER · SOFTWARE BUILDER · PYTHON / FASTAPI LEARNER

New Delhi, India · +91 8800866319 · Anmolbh27@outlook.com · linkedin.com/in/bhandarianmol/

PROFILE

Performance engineer with experience across the performance-testing lifecycle, test execution, root-cause analysis, and reporting. Worked with cloud platforms and testing infrastructure, and contributed to an initiative associated with over US$100,000 in quarterly cost reduction. Currently learning Python and FastAPI to build practical backend applications.

EXPERIENCE

Performance Engineer
JAN 2023 — JUN 2026

Deloitte USI

- Worked across performance testing: requirements, scripting, workload execution, analysis, reporting, and stakeholder communication.
- Performed root-cause analysis and recommended optimisation opportunities across Azure/AWS IaaS and PaaS applications and vendor products.
- Contributed to LoadRunner Cloud adoption and vendor issue resolution; supported load generators, infrastructure troubleshooting, and liaison with OpenText.
- Contributed to an initiative associated with more than US$100,000 in quarterly cost reduction.

Test Engineer Intern
AUG 2021 — SEP 2022

Western Digital

- Performed full CI and sanity qualifications for CFexpress capacities, preliminary debugging and failure analysis, and design-verification testing.
- Contributed to project-team testing for an expansion card for Microsoft Xbox.

React Developer Intern
FEB 2021 — JUN 2021

HP Inc.

- Developed user interfaces with React.js for cloud-based security solutions.

SKILLS

Performance & testing: LoadRunner Web HTTP/HTML, TruClient, LoadRunner Cloud, LoadRunner Enterprise, performance testing, RCA, Fiddler, Postman
Cloud & tools: Azure, AWS, PostgreSQL, Azure DevOps, VS Code, Microsoft Office
Currently learning: Python, FastAPI, REST APIs, backend application development

EDUCATION & CERTIFICATIONS

B.Tech, Software Engineering — Delhi Technological University, 2018
Microsoft Certified: Azure Fundamentals (AZ-900), 2024 · SAFe 5 Practitioner, 2023 · ISTQB Foundation Level

RECOGNITION

Received Deloitte shout-outs for meeting challenging deadlines.

Analyse deeply. Build thoughtfully.
